

awama.flocculation

Automatic Flocculation

Measure - Evaluate - Control

Real-time assessment

- Demand-oriented dosing
- Balancing uncertainties
- Improved operational safety

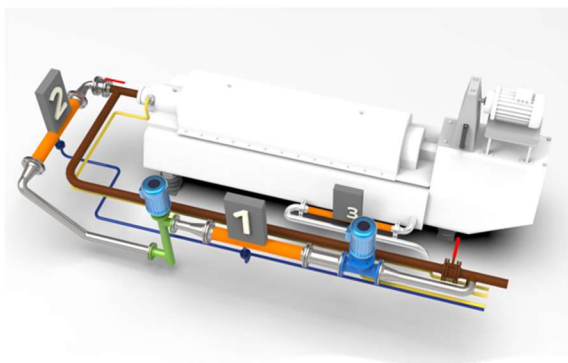

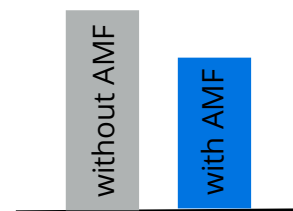

- Flocculant savings
- Higher dry residue
- Work simplification

Cost savings

Eco friendly

- Decreased emission
- Reduced transport
- Avoid incorrect dosing

Greenhouse gas potential

- Multiple flocculation
- Real-time evaluation
- Intelligent sensors

Advantages

awama GmbH
Alte Frankfurter Straße 182
38122 Braunschweig
